Education and Social Development

Partnering For Growth and Prosperity

North Eastern region of India is blessed with the bounty of nature. The region is unique in many respects. While abundance of natural resources signifies the potential that the region has, however at the same time absence of any significant business and industrial activities highlight lack of jobs & business growth. Resultantly the region is still characterized as economically backward. While Government of India is committed to creating opportunities for youth and providing social and industrial infrastructure for its overall and rapid development, the growth so far has been less than desired, largely due to the low level of the business and industry engagement and poor focus on local competence building and partnerships among the development agencies, industry, institutions and the Governments.

Since the North Eastern region is largely rural and horticultural production dominates the agri-landscape, any development planning has to largely focus on the farm and rural sector. Therefore there is need for partnerships for training and competence building, investments, marketing, processing, projects and infrastructure development to accelerate growth and economic activities, leading to more jobs, incomes and opportunities for the people of this region, which comprises of eight States, namely: Assam, Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura.

The proposed **Vibrant North East 2025**, comprising of Agri and Rural Expo, Industrial Expo and North East Development Meet will provide an opportunity for the region to showcase its potential and opportunities for the rest of the country. This will offer what it has to, for partnering & engaging to explore the opportunities & participating in the growth & development of the region in general. The three day meet will bring a large number of national & international stakeholders from the Industry, Institutions, Government and the development sectors to showcase the programs & schemes, products, technologies & services; and deliberate upon the issues & opportunities for the way forward. ICFA envisions providing exposure to farmers by sharing successful agribusiness models and sensitizing them with policies, schemes, technologies & markets. Rewarding evolution will be evident when farmers themselves become role models for fellow farmers.

AREAS OF FOCUS

- Agro and Food Processing
- Energy and Infrastructure
- Health and Education
- Tourism and Culture
- Business and Trade
- MSME and Entrepreneurship
- Education and Social Development

OBJECTIVES

- Would serve as the partnership and networking platform for different stake-holders, who want to engage in North Eastern region and explore opportunities.
- Would create better awareness and offer networking platform to the industries and investors about the potential of the region, business opportunities available and the scope for investment and growth.
- Would provide valuable inputs to the State Governments for formulating appropriate agro, industrial and development policies aimed at inviting investments and partnerships.
- Would provide interaction opportunities to the youth, women, NGOs and development agencies, with the national level institutions, industries, experts and officials.
- Would provide exposure to farmers about latest agri-input products, technologies, farming practices, government schemes, agriculture, horticulture, animal husbandry and rural projects, marketing and post-harvest management.

SEMINARS

- Opportunities for Business and Investment in Food Processing Sector
- Opportunities for Fisheries, Poultry, Piggery and Dairy in North East
- Infrastructural development towards catalyzing growth and investments in NE Sector
- Role of Banks and Development Institutions in North Eastern Region

Business Meet on North East

A business meet on “Investment potential and business opportunities in North -East” would be held on the opening day which would highlight the business, investment and export potential of North Eastern Region. The State Governments could interact with potential investors and make presentations on the investment potential in their respective states and initiatives taken by them. The focus of the business meet would be to identify the industries and map out the details for the investments in the following areas:

- Opportunity for cross - border trade with neighboring countries
- Government and cooperative initiatives for development of North Eastern region
- Abundant possibilities for taking up tourism activities in the region
- Opportunities for plantation & processing of aromatic/medicinal plants
- Opportunities for setting up of processing units based on locally available resources
- Opportunities of developing SMEs for producing items currently procured from other parts
- Opportunities for Investments and partnerships among the Government, Industry and Institutions for creating more jobs, more incomes and accelerated growth in the region

Grand Exposition :

The entire exhibition would be put up in octomom panels constructed stalls with covered hangers of international quality with water proofing. The stalls would be of various sizes depending on the requirements of the exhibitors. The entire event would be put up in separate hangers. Farm machinery would be displayed in open area earmarked for this purpose.

- States Pavilion
- Technology Pavilion
- Energy and Infrastructure
- Business and Investment
- Development Pavilion
- Industry and Make in NER Pavilion
- Food and Agriculture
- Education and Entrepreneurship

Besides pavilion, there would be open area for machinery display

Exhibition

The exhibition will highlight the potential of the region in agriculture, horticulture, food processing, livestock, rural development, infrastructure, energy, social and development sectors and Make in North East & Made in North East. A large scale participation from leading industries and various central ministries and institutions is expected. The industries would display latest products & technologies and discuss new ventures. Large, medium and small companies of the region and also the State Governments would exhibit their programs, schemes and offerings.

Organiser

VNE 2025 will be executed by the Indian Chamber of Food and Agriculture. ICFA is an autonomous body, registered under the Societies Act 1860, which is engaged in knowledge based activities in agriculture and sustainable rural development throughout the country in collaboration with the industry, various Central Ministries and state Governments since the year 2015

Supporting Bodies

A large number of top companies, Institutions and Government Ministries have been regularly participating in the events organised by ICFA. Therefore, we expect a similar kind of participation in this event also by various bodies.
